The Confraternity of Saint James in the United Kingdom

The Confraternity of Saint James promotes the pilgrimage to Santiago de Compostela and provides support and services to pilgrims.

Amongst these services are: Practical Pilgrim Days where around the country they provide an opportunity for potential pilgrims to learn more, a regular members' bulletin, and a bookshop and library. The Confraternity also promotes research into routes in the UK. The Confraternity publishes guides to many of the routes to Santiago and also runs two refuges for pilgrims at Gaucelmo (on the Camino Francés) and Miraz (on the Camino del Norte).

Introduction

“Santiago has the privilege of having been, throughout the whole of the Second Millennium, the great confluence of the European road network along which the preaching of the Gospels spread, which is the basis for the civilisation of this old continent.

We may, therefore, say that the Ways to Santiago are the common denominator in European culture. Therefore, in a Europe which more than ever wishes to see itself strong and cohesive, speaking in one voice in all its languages, these routes which are public places for convergence and harmony, should be respected and promoted. On them, any Pilgrim feels like a citizen of the world, allowing him to acquire perspective on his convictions in an ecumenical atmosphere of openness and tolerance.

Into this complex network of Jacobean routes coming from all the corners of Europe are threaded those which begin in Portugal and these are as many as the actual opportunities for access from each locality to the Apostle’s tomb. However, out of all of them, the royal Oporto-Barcelos–Valença road has a particular importance, as here almost all the others come together, reinforcing this road as the backbone of the Portuguese Ways to Santiago.”
From the Guide to the Caminho Português published by the Associação dos Amigos do Caminho Português de Santiago.

St James in Portugal

In Portugal there is a long history of devotion to St James and St Roch, the patron Saint of Pilgrimage. Representations of both Saints and other monuments and buildings related to the Jacobean tradition are to be found everywhere along the pilgrim roads to Santiago de Compostela. Many of these are in prominent positions, well known and easily seen. Others, however, are well kept secrets, hidden away in locked churches, high up in the sculptures or stained glass of great cathedrals or simply insignificant ruins.

St James appears in various guises. As St James the Apostle (Santiago Apóstol) he is portrayed as a Saint with halo and book and very occasionally his sword of martyrdom. As a pilgrim (Santiago Peregrino) he usually wears a hat with a scallop shell at the front, a cloak often decorated with scallop shells and carries a staff, gourd and text. As the "Moor slayer" (Santiago Matamoros) he is seen riding a white charger and brandishing a large sword with Moors cowering at his feet. There is also a hybrid version of St James the Apostle and St James the Pilgrim. Lastly there are statues of a seated St James with scroll and book, leaning on a tau (a short t-shaped staff) such as in Santiago Cathedral.

It is hoped that this Guide alerts pilgrims with an interest in Jacobean history and iconography to the existence and location of images of St James, St Roch and of other figures and buildings in the Jacobean tradition along the Camino Portugués which they may wish to see. The list is not exhaustive and we welcome more information from pilgrims about Jacobean images both ancient and modern.

Height Profiles:

Also many pilgrims like to know when they will be walking uphill and how high they will be going, others prefer a surprise. If you wish details of the elevations you will encounter along the route print out this helpful summary provided by the Amigos who run the albergue at Rates:

Planning your journey - Albergues

The location of suitable accommodation is always the determining factor for pilgrims planning their journey. On the Camino Francés for example there are many albergues and hostales. So much so that often it is possible for pilgrims to set off in the morning and just stop when they get tired. Accommodation on the Camino Portugués is much less frequent but more albergues and hostels exist now than ever before with more facilities planned for the future. This gives pilgrims some flexibility. You can walk the Camino Portugués in shorter or longer stages or a combination of both. There are also a number of *Quintas* mentioned in this guide. These are country houses which offer accommodation and are usually quite expensive.

Overall plans might be:

1	Porto – Vilar do Pinheiro	18 kms
2	Vilar do Pinheiro – Rates	21 kms
3	Rates – Barcelos	15 kms
4	Barcelos – Ponte de Lima	33.5 kms
5	Ponte de Lima – Rubiães	20.5 kms
6	Rubiães – Valença or Tui	20 kms
7	Valença or Tui – Redondela	30 kms
8	Redondela – Pontevedra	20.5 kms
9	Pontevedra – Caldas de Reis	21.1 kms
10	Caldas de Reis – Padrón	17 kms
11	Padrón – Santiago	23.9 kms

1	Porto – Vilarinho (or Vila do Conde)	27 kms
2	Vilarinho – Barcelos	27 kms
3	Barcelos – Ponte de Lima	33.5 kms
4	Ponte de Lima – Rubiães	20.5 kms
5	Rubiães – Valença or Tui	20 kms
6	Valença or Tui – Redondela	30 kms
7	Redondela – Pontevedra	20.5 kms
8	Pontevedra – Caldas de Reis	21.1 kms
9	Caldas de Reis – Padrón	17 kms
10	Padrón – Santiago	23.9 kms

The route out of Porto is almost entirely on the road. At times these roads are busy and **considerable care** needs to be taken. Some pilgrims choose to arrive in Porto and then take the Metro (or a bus) to Vila do Conde to join the route at Vilarinho.

From Tui - Redondela the existence of albergues at Porriño 14.5 kms or Cabaleiros 22.3 kms gives an option to break that 30 km stage.

Similarly, in the stage from Pontevedra – Caldas de Reis which is 21.1 kms, there is an albergue provided by the Concello de Barro 12kms or in Briallos approximately 4 kms from Caldas de Reis 17kms. **NB** There is no albergue in Caldas de Reis at this time

Towards the end of the journey some pilgrims may choose to walk a stage of 28 kms from Caldas de Reis (through Padrón) to the albergue in Teo leaving only 13 kms to walk next morning into Santiago for the Pilgrims' Mass at 12 noon in Santiago.

Road walking

Throughout the Camino Portugués the route is sometimes on very busy roads. This is especially the case in the early stages. Great care has to be taken. Pilgrims should:

- Remember the traffic drives on the Right in Portugal and Spain
- Wear bright clothing and/or a fluorescent arm band
- If walking before full daylight or at dusk also attach a bicycle reflector or lamp to both front and back (or use your torch)
- Take **GREAT** care at some road crossings remembering the direction in which the traffic is travelling

Language

English speaking pilgrims who do not speak Portuguese may be very surprised that many people in Portugal speak English very well; much more so than in Spain.

When you reach Spain you are entering Galicia where there are two languages spoken: Spanish and Galician (Gallego). Gallego is closer to Portuguese in many ways but both have equal status in Galicia. Most people in towns speak both languages but in the countryside Gallego is more commonly used. Place-names on sign-posts may be in either language although Gallego is now more common.

However in both countries it is still a good idea to either take a phrase book or to learn basic phrases which you may need along the way.

International Phone codes

Travelling by bus or taxi on the Camino

The bars along the route have telephone numbers for local taxis and information about buses.

How to find a place to stay

The internet is now a rich source of information on accommodation. So too is the local Tourist Office which will have a list of accommodation of different prices and they may also express an opinion on the most suitable. Whilst many pilgrims want to book in advance to be sure of a bed and to avoid trailing around hostels with a rucksack at the end of a hard day's walking, there are bargains to be had if you arrange or check in at the last moment. If you are going to do this however make sure you avoid any local fiestas.

You should check out in advance how to get to the Tourist Office or town centre from your point of arrival at the airport/bus station.

Waymarking

In Portugal the route is marked thoroughly and thoughtfully by yellow arrows showing the direction to take and often crosses showing the way NOT to go.

When you cross into Spain there are granite waymarks with a blue tile with an arrow as well as occasional yellow arrows.

Food and water

On the Camino Portugués you are never far from a café/bar where you can obtain food and drink. In fact you may be surprised how many you encounter!

There are also *fuentes* (fountains) along the way where you can top up water bottles. However ensure that the water is drinkable. If necessary ask a local.

There are one or two stretches however where there is no bar or *fuenta* for some distance – these are described in this guide.

Detours

This route is steeped in history and there are many places of interest off the route.

The internet and both Portuguese and Spanish Tourist Offices are a great source of information.

Rather than recommend particular detours if pilgrims find places of interest which they think other pilgrims may visit we will be happy to incorporate details in this guide. Let us know!

Definitions for this guide:

KSO – keep straight on

Fuente – drinking fountain

Lavadero – In Spain a communal facility for washing clothes

Lavanderia – In Portugal a communal facility for washing clothes

Residencial – a hostel in Portugal

Pousada da Juventude – Youth Hostel

Bombeiros – Firemen/firestation

Cruceiro – a wayside cross

How the distance numbers work

Throughout the guide three numbers appear together – the first is the distance you have walked since the last number recorded. In brackets the first number is the total you have walked since your departure from Porto and the second is total number of Kilometres to Santiago from Porto.

Porto/Oporto

How to get to Porto

Porto Airport, Pedras Rubras, Maia (+351) 229 432 400 is about 11 km from the city centre. There are regular flights from and to almost all major worldwide cities. There is an airport bus available from outside the terminal which takes you to Praça da Liberdade (city centre) or will drop you off at the Pousada da Juventude. A similar taxi trip will cost over 20 Euro.

The Metro line connects the Airport to the city centre, offering a fast and peaceful ride into the heart of the city, for less than 2 euros.

Ryanair run the cheapest flights from London Stanstead and Liverpool.

TAP flies from most European airports but tends to be more expensive.

Porto

Porto also Oporto in English, is Portugal's second city and the regional capital. The city is located in the estuary of the Douro river in northern Portugal. The largest city in the region, Porto is considered the economic and cultural heart of the entire region. The city, which had an estimated population of about 240,000 (2008), lies at the centre of the Greater Metropolitan Area of Porto, with a population of just over 2.0 million people.

The historic centre of Porto was declared a World Heritage Site by UNESCO in 1996.

Porto/Oporto Cathedral

Oporto Cathedral (Portuguese: *Sé do Porto*), located in the historical centre of the city of Porto, Portugal, is one of the city's oldest monuments and one of the most important Romanesque monuments in Portugal. Construction of the Cathedral began around 1110 and was completed in the 13th century, but there is evidence that the city has been the seat of a Bishop since the 5th-6th centuries.

St James

The Cathedral has a number of images: In the Chapter House (2nd Floor) a 16th Century (with 18th Century additions) statue of Santiago Peregrino in polychrome wood. St James in Last Supper scenes in a painting in the Sacristy and bas relief in the Capela São Vicente. Also in the Sacristy a series of individual apostle paintings with St James wearing robes depicted with staff and gourd, hat slung over his shoulders with scallop shell. In the Treasury St James appears in two sets of three engravings.

Harbour scenes in Vila do Conde

From Vila do Conde, the route is not well marked, almost until Arcos. It goes along the river in Vila do Conde, over the railway, past large grain silos to a T-junction. At that spot, turn Right and go around a curve into a more commercial area with cafes. At a roundabout (you will be able to see the church of Touguinho up the hill), you turn onto the Camino directly 45 degrees to the right. Go to the sign for Familcao, where you turn right over a bridge. This bit of highway requires some attention to safety. Past a crested doorway on the right, you turn Left on a road Graça and Junquiera. There is a left turn/curve in front of the church at Junquiera. A small (but dangerous at times) highway takes you through communities to the overpass over the new highway. To the right, after you cross, is a little park with Mesolithic mounds - very peaceful - and soon after you begin to see yellow arrows.

Vilharino – Ponte de Arco - Rates

From Vilarinho

Head straight across the N104 and KSO until after approximately 1km yellow arrows indicate a Right turn down a country lane taking a Left fork. Go down to the bridge over the River Ave. After crossing the bridge, it is a pleasant walk across and up through the village on a cobbled lane. 3kms from Vilarinho. **3kms (30/240.5 Kms)**

KSO the N306 and a crossroads with shrines on either side and signs to Prada and Vila do Conde KSO ahead past Casa do Alto after 0.5kms. KSO and after a further 0.5kms veer Right at the Bar Ondas into a cobbled lane Rua de S. Mamede **2 kms (32/240.5 kms)**

Pass through Boa Vista keeping a sharp lookout for yellow arrows. If the way ahead at Boa Vista is blocked simply follow the road down past the Church on your Right, turn Right onto the main road and after a short distance KSO ahead Right to rejoin the route at the Café Neta.

Pass under the motorway and after a short distance follow the yellow arrows along a country lane to your Right. KSO all the way down to the river and cross the Ponte de Arcos. **3 kms (35/240.5 kms)**

Where to stay

The 5 roomed luxurious Quinta São Miguel
<http://www.quintasaomiguel.com/>

Either follow the road ahead into Arcos or follow the route to the Left and follow the arrows out of Arcos. Shortly join a track through woods. Cross over the main road at a timber factory and KSO veering Right at a fork. KSO this stony path for approximately 1.5 kms until you cross a **disused railway line** into Rates.

Rates – Barcelos 15kms

Follow the yellow arrows through Rates coming to the albergue in:

Rates - 4 kms (39/240.5 kms)

The albergue has accommodation for 32 people and has an excellent website:

http://www.alberguederates.com/01PT/P01ALB_PT.htm

The 111th century Romanesque church in Rates is well worth a visit. Even if it is closed, the exterior (especially the main portal) has many beautiful carvings.

The albergue opens at 2pm but if you are passing before then you may obtain a sello in the shop nearby just beyond the albergue.

KSO passing a Cruceiro on your Left. Soon the road becomes a dirt track. KSO for approximately 3kms until you cross a main road with the village of Courel on your Left.

KSO for another 1km and turn right into Ferrado and after a further 1 km turn Right onto the main road. Shortly turn Right and then Left back onto a country lane. KSO and after approximately 1 km turn Left to join the busy N306. KSO passing the **Igreja Pedra Furada** on your Right. Café Restaurante Pedra Furada serves good pilgrim meals. **6 kms (45/240.5)**

KSO until a crossroads with a sign Left to Monteda Franqueira and Right to Góios – KSO following the road downhill passing the Chapel of Our Lady of the Way and a fuente. After approximately 1km turn Left and

follow a cobbled lane into Pereira. At a cross roads with a Cruceiro KSO into Pedrêgo and continue into Ponté Gâos passing under the **motorway**.

Go through Pereiro and at a sign for Barcelos turn Right and at the Igeja Carvalhal turn Left and shortly Right. Follow the arrows through Porto Carreiro continuing on until rising up to the Capella da Santa Cruz which you pass on your Left. After a further 0.5 kms turn Right towards a roundabout. KSO passing car showrooms on your Right turn Right behind the showrooms along a path parallel to the motorway on your left. Shortly turn Left under motorway following the road Left then veering Right past the **cemetery** on your Right.

Pilgrims report an alternative way, which takes you into Barcelinhos and avoids the busy N-306. This alternative begins at the crossroads described above, at the point of the sign indicating Left to Monteda Franqueira and Right to Góios. Instead of continuing straight ahead, turn left at the sign for Monteda Franqueira. You will go through eucalyptus trees and come to the Church of Our Lady. It is on a ridge with a large cross and views of the Atlantic. Follow the road down into Barcelinhos, which is on the outskirts of Barcelos, and rejoin the camino

You are now on the outskirts of Barcelos, Barcelinhos with the Chapel of Our Lady of the Bridge. Follow the arrows straight ahead and after 0.5 kms turn Left at the end and rise up into Barcelos. Follow arrows to the main square with the tourist office on your Right open 10am – 6pm in:

Barcelos 9 kms (54/240.5 kms)

Barcelos

A town with all facilities: banks, farmacias, shops, restaurants and a good range of accommodation. There is a huge open air market on Thursdays.

Barcelos is the home of the legend of the Miracle of the Cockerel which led to the cockerel becoming the national symbol of Portugal. This is a very similar legend to that of Santo Domingo de la Calzada on the Camino Francés. The legend is that a pilgrim was accused of theft who had been condemned to death by the judge. The pilgrim declared his innocence and claimed that if he was hanged a dead cock would come alive as proof of his innocence. The judge at dinner was astonished when the roasted cock on the plate before him suddenly jumped up alive. The judge rushed to the gallows to find the pilgrim alive through the assistance of St James.

The legend is also commemorated by the granite 14th Century Cruceiro de Galo with Santiago holding up the hanging pilgrim.

At the Church of Our Lady of the Bridge on the way into Barcelos you can still see the footbaths used by pilgrims resting on the way.

In the Igreja do Bom Jesus there is a statue of Our Lady the Pilgrim (Nuestra Señora de la Peregrina) dressed in cape, satchel with scallop shell, hat with three scallop shells, gold stick with gourd, carrying the child Jesus.

Tui – Redondela 30kms

(Porriño with albergue 14.5 kms - Cabaleiros with albergue 22.3 kms)

Leaving Tui

If you have stayed in the Parador, go Left to the river and follow the boardwalk to the end. Then turn Right and slightly uphill to an elaborate washing place. Then turn Right to join the Camino.

If you have stayed in the albergue, or in town, follow the waymarks from the Cathedral down to the Rúa Antero Rubín. KSO under an archway passing a church on your Right. KSO until waymarks indicate a Right turn which after a little leads into the Plaza San Bartolomé with the church of that name of the far side. Leave Tui by passing along a lane with the church on your Left.

KSO down until you come to the bridge over the Rio Louro. Turn Left before the bridge and follow the waymarks until you come to the main road, the N550. Cross over and KSO until you pass the church of Our Lady of the Way on your Right. Shortly after this cross the motorway. KSO this road for approximately 1.5 kms. The route has been disrupted in this area due to road works and there are signs apologising for this – however waymarking remains clear.

After approximately 1.5 kms turn Right at a waymark showing the distance 109.278. Cross the bridge over the motorway and follow the path on the other side until you come to the **Cruceiro San Telmo** where legend has it that the Saint fell sick and died of a fever on returning from a pilgrimage to Santiago in the 13th Century. **5 kms (133/240.5 kms)**

KSO the path going through the village of A Madalena and at the end of the village by 5 crosses turn Left and then Right and KSO until you come to a bridge. KSO the track which eventually becomes a minor road at Orbenelle. Just off the Camino, the Restaurant Orbenelle has a lovely shaded garden. **3.5 kms (136.5/240.5 kms)**

Follow the waymarks Right passing a bar/shop on your Left and a bar in front of you. Shortly turn Left and KSO ahead for approximately 3kms. At the end of the straight stretch veer Right then Left and go down to a **pedestrian bridge** on your Right over the **railway**. **3 kms (139.5/240.5 kms)**

On the other side KSO. There is a handy bar on your Left and other bars and restaurants on this straight stretch. Also on this road you will pass the 100 kms distance to Santiago. On the Right side of the road you will pass a fuente with drinkable water (reported not functioning in 2012) then a small roadside chapel.

The stretch through the industrial park going into Porriño is unpleasant. The Galician Amigos have waymarked an alternative that avoids that part, but it is 500 m longer. A very detailed explanation of the route from Orbenelle can be found in English on their website: www.amigosdelcamino.com/attachments/article/541/orb_porr_eng.pdf According to some Spanish language forums, this re-routing has angered some of the businesses along the old route, and you may find that the arrows have been covered up or re-painted. According to pilgrims who

walked in fall 2013, the albergue in Tui will provide you with detailed information about the new route.

The directions to avoid the industrial park seem simple enough: After crossing under the freeway, turn left instead of following the arrows, which take you straight ahead into the industrial area. Updates appreciated.

Do not follow the arrows to the right.
They will take you through the industrial outskirts of Porriño.
To the left is the river path.

Tui – Porriño 14.5kms

Approximately 1.5 kms before the entrance to Porriño pass on the RH side of the road the **Church of the Virgin of the Way**. There is a statue of **San Roque Peregrino** on the wall on the Left inside. The figure is wearing a Hat, scallop shell, stick and has a dog. There is the traditional depiction of a wound on the Saint's left leg.

KSO turning left at a junction with traffic lights passing a waymark with the distance 99 kms to Santiago. From here you basically KSO passing a 16th Century Church on your Right then two more churches on your Left and reach the town centre in:

Porriño 3.3 kms (142.8/240.5 kms)

Porriño

Porriño is a small town and has a good range of shops, farmacias and banks. There are hostals, hotels, restaurants, and an albergue. To reach the albergue, in the town centre you turn Left at the five lamps roundabout, cross the rail tracks and the Rio Louro and the albergue is between the river bank at the motorway to Vigo. It has 40 beds and facilities for the disabled.

Alternative accommodation includes:

Hostal Louro
Avda. Buenos Aires, 6

986331604

Hotel Parque ***
Servando Ramillo, 6
Telephone: +34

Porriño - Cabaleiros

To follow the route KSO. In this stretch there are not many waymarks, and those that are there are faded, so take care. KSO the Rúa Ramirane to a large roundabout and KSO the other side. KSO passing under the motorway and immediately turn Right – the waymark is slightly obscured so look out for it.

Go through a tunnel under the slip road (stay on the right side of the tunnel), veer Left and shortly come to an open area with the Fonte do Chan on your Left. **2 kms (144.8/240.5 kms)**

Follow waymarks down to the N550 and cross it carefully turning Right. KSO the edge of the road for 1.7kms with one diversion Left passing a small chapel, a cross and the Fuente Santa Marta. Loop back to the road.

Eventually turn Left off the road and go over the Ponte Rio Loura. **3 kms (147.8/240.5 kms)**

Pass a resting place with the Fonte Maria Magdalena on your Left and then begin rising steadily to a village with a bar in:

Cabaleiros - 3.7 kms (151.5/240.5 kms)

Cabaleiros has a new **albergue** on the route if you wish to break your journey here. There is a bar opposite.

Cabaleiros – Redondela

KSO rising gently for 2 kms on paths and minor roads. Follow a waymark up a path to the highest point at Monte Cornedo. **2 kms (153.5/240.5 kms)**

In this stretch the route by passes the Capela de Santiaguíño, set in the park. It is the focus of the annual local pilgrimage, the romería. The Church, restored in 2003 has a modern Santiago Matamoros over the main door. The figure is wearing a hat with scallop shell, one scallop shell on each lapel, brandishing a sword, banner and sitting on a prancing horse but unlike other older depictions has no dead or cowering moors.

Pass a recreation area on your Left and a Roman Milario (Milestone) shortly after this. KSO gently downhill until you reach the road at the **Panadaria O Parque** with a fuente on your left. **1 kms (154.5/240.5 kms)**

KSO the road passing the Casa Figueron on your Right. Shortly after this turn Left and almost immediately Right again at a **restaurant**. **1 kms (155.5/240.5 kms)**

KSO this path gently downhill passing a picnic area and shortly there are views of the river in the distance. KSO downhill at times on minor roads more steeply for about 3 kms, heading towards a highly visible railway bridge in Redondela.

Turn Left on a main road for just over 0.5 kms and then turn Right to enter:

Redondela - 2.5 kms (158/240.5 kms)

Iglesia de Santiago, Redondela

Inside the church there is a figure of Santiago Apostól over the main altar and outside the figure of Santiago Matamoros freestanding over the main door. The rose window over the main door has 6 scallop shells alternating with 6 Santiago swords plus a central scallop shell.

Accommodation

Albergue – 56 beds and is on the route near the Church of Santiago – follow the arrows.

Two large dormitories, showers and toilets, living room and library. Small kitchen. There is a room to dry clothes, but it is very crowded and has limited ventilation, so your clothes may not dry. The albergue does not open until 5pm but there are repeated reports that it opens much earlier. The albergue closes at 9.30pm.

Other accommodation:

Although there is a range of restaurants, banks etc, surprisingly for this busy town there is only one hostel 1km from the centre namely the reasonably priced Hostal Brasil 2 (Tel 986 402 251) You will see it up to your Right as you approach the junction to turn Left into Redondela. Therefore at the junction turn Right to reach it.

There is another, the Hotel Antolin (formerly called the O Pear) situated some distance from Redondela at the beach, the Playa de Cesantes Tel 968495409 www.hotelantolin.com/ubicacion.htm

Redondela – Pontevedra 20.5kms

Leaving Redondela

Leaving Redondela from the Albergue turn Right and go up past the Rúa do Adro towards the 16th Century Church of Santiago. Turn Left into the Rúa do Cruceiro. KSO under the railway line and cross over the main road. Follow the waymarks along minor roads and paths until you reach the main N550 at **the Hostal Jumboli**, Tel 986 495066 Offers a discount for pilgrims.

3 kms (161/240.5 kms)

Cross the road carefully and shortly turn Left uphill to a fuente and picnic area on your Right.

Shortly after the fuente turn Left and keep on tracks and minor roads rising steadily and then downhill until you come back to the N550.

2.5 kms (163.5/240.5 kms)

Cross the road **VERY carefully** to the Left side and walk facing the traffic hugging the verge. KSO for some 0.7 kms. Take a loop off to the Left and rejoin the N550 to cross it this time with a crossing on your Left. Follow the road round to the Left into the centre of Arcade with its Iglesia de Santiago. Follow the arrows and reach a handy **bar** on your Left. **1.5 kms (165/240.5 kms)**

Follow the waymarks through Arcade to the arched bridge over the Rio Verdugo with a beach and swimming area on your Right. At the end of the bridge turn Left and almost immediately Left again rising steadily between houses. After just over 1 km you come to the main road. The original route used to cross straight over continuing down to the historic Ponte Nova. However the route has temporary waymarks at this time due to what appears to be flooding. Follow these waymarks Left and after approximately 0.5 kms turn Right passing between factory buildings. Shortly turn Left rejoining the original path.

You will now go uphill steadily for approximately 4 kms on substantial sections of bouldered paths. KSO until you go through a small hamlet and then begin the descent into Pontevedra. Reach a useful fuente on your Right, the Fuente de Montes de Figueirido. **6 kms (171/240.5 kms)**

KSO downhill on minor roads with occasional stretches of rocky paths and 2.5 kms later reach the outskirts of Pontevedra at the **Capela de Santa Marta, Tomeza** on your Right. **2.5 kms (173.5/240.5 kms)**

Follow waymarks along a straight road passing a play area on your Right with three modern sculptures: a hórreo, a scallop shell with the cross of Santiago and a figure representing Christ, Santiago and Our Lady the Pilgrim. [Pilgrims report there is an alternative here to avoid some road walking. At the red sign to your Left, before the play area, turn Left and walk along the river. It emerges just beyond the roundabout and bridge mentioned in the next paragraph] **1 kms (174.5/240.5 kms)**

KSO and after approximately 1 km at a roundabout with cafés before and after KSO ahead. There is a waymark and yellow arrows immediately on the other side of the roundabout. Follow this road round to the Left, go under the bridge and veer Right. Pass the **Hostal Peregrino** on your Left and the **modern albergue** on your Right. **2.5 kms (177/240.5 kms)**

This is a modern purpose built **Albergue** on the route approximately 1.5 kms before the centre of the town. Open time advertised as 5pm but this may vary. It has one very large dormitory and also one smaller. It has a well equipped laundry with coin operated machines and a well equipped kitchen. There are showers and toilets and a large sitting / dining area as well as ample room to sit outside. There are vending machines with snacks and drinks. The albergue closes its doors at 10 pm. Pontevedra is well worth the walk into town to visit.

KSO passing the railway station on your Right. Cross the road and take a road slightly down Left parallel with the main road. This will bring you out at the Rúa Virgen del Camino at the end of which turn Left and

Pontevedra – Caldas de Rei 21.5kms

,Albergue Concello de Barro 12kms or Albergue in Briallos approximately 4 kms from Caldas de Reis 17kms. NB There is now an albergue in Caldas de Reis.

Leaving Pontevedra

Leave Pontevedra from the Praza Peregrina into the neighbouring Traza Ourense. Keep to the Left along the Rúa Soportales and at the next small plaza head over Right to the Rúa Real. KSO towards the river and to cross turn Left and then immediately Right and cross the **Puente del Burgo**.

At the end of the bridge cross straight over the road and shortly turn Left and then Right into the Rúa da Santiña. KSO and the road becomes the Rúa Gandara. From here the route is very straightforward moving through leafy paths and minor roads. You will pass a fuente on your Left. Pass under the railway, KSO until you reach the Iglesia Santa Maria de Alba with a **large cemetery** and two modern camino related sculptures. **3.8 kms (182.3/240.5 kms)**

Continue for approximately 0.5 kms and turn Left onto a main road. Pass under the bridge and follow the road round for a further 0.5 kms passing the Capela San Caetano on your Right. Cross the road carefully looking out for waymarks and KSO up a more minor road. Pilgrims from 2012 report minor changes after Alba because of highway and railroad construction. But marking was good. More changes appear to be in store judging from the looks of the construction.

Continue as before on country paths for approximately 3 kms until you cross the railway line at a **marked crossing**. **4.2 kms (186.5/240.5 kms)**

Continue up on the other side to the small village of San Amaro with the Bar Meson do Pulpo which does simple meals. **0.6 kms (187.1/240.5 kms)**

There is also another bar with food in a further 2 kms but there are **no** other facilities on the route until Caldas de Reis.

Continue on the route passing the Bar Pulpo on your Right and almost immediately pass a rest area and the Fuente San Mauro. KSO for 1.5 kms and cross the road onto a track. Soon turn Left and then Right onto a road. KSO for approximately 0.5 kms reaching a Cruceiro featuring Santiago on your Left and blocks of stone on your Right. **2.6 kms (189.7/240.5 kms)**

In the next stretch you will see a sign off to the Right to the **Albergue** provided by the **Concello de Barro**. 12 kms approximately.

The albergue is a few hundred metres from the route and was opened in the Holy Year 2004. It has 40 places on mattresses – no beds, showers and hot water. The Protección Civil de Barro has the key, tel 686938785.

From the Cruceiro follow the road round with the rail bridge on your Left until you are walking right beside it on your Left with the line high above.

Turn Left onto a main road which crosses the river then turn Left. After 2 kms reach the N550 at the sign for the Parque Natural Ria Barosa and a **bus stop** on your Right. 3.9 kms **(193.6/240.5 kms)**

Turn Left onto the road which crosses the Rio Agra and turn Left onto a path. Rejoin the main road briefly before turning Left again onto another path with a sign for **Briallos Albergue** 1km and a waymark with the distance 47.289.

Albergue at Briallos

The route comes back to the N550 at the roundabout at:

Briallos - 1.4 kms (195/240.5 kms)

Entering Briallos follow signs Left to the Albergue which is just a few hundred metres away.

The albergue is a modern purpose built facility with 24 beds and cooking facilities. There is a restaurant offering a Menu del Dia and a shop approximately 1.5 kms away.

To keep on the route at the roundabout follow the path parallel to the main road on your Right. Rejoin the main road briefly after 0.5 kms before turning off Left at the Capela Santa Lucia. KSO this path for 2kms until the Fuente and Cruceiro at Tívo. **2.6 kms (197.6/240.5 kms)**

KSO for another 1 km rejoining the main road briefly again passing the Iglesia Santa Maria on your Left. Follow the arrows down a quiet street Left after the church before rejoining the main road and passing the Ayuntamiento on your Right and crossing the Río Umia. Turn Left after the bridge onto the Rúa Laureano Salgado. Pass the Hotel Dávila on your Left with a public fuente with thermal waters used by the public. KSO into the Rúa Real until you reach the Puente Romano in:

Caldas de Reis 2 kms (199.6/240.5 kms)

Pilgrim bathing feet in thermal waters

Sign now clearly states that feet are not allowed in this fountain.

Caldas de Reis

Caldas de Reis is a small town famous for its thermal waters and many older people go there to "take the waters". There is a hot spring (above) for public use outside the Hotel Dávila. The town also boasts the Church of St Thomas à Becket, the only Church in Galicia dedicated to the English Martyr.

There is also the Capilla San Roque at the end of the town. Inside there is a free standing wooden polichrome statue of San Roque peregrino. Outside there is a stone figure of San Roque similar to depictions of Santiago only with a dog.

This is a small town and the tourist office and accommodation are all within a few minutes walking distance.

Albergue Posada Doña Urraca, Calle Campo de la Torre, 1. Tel 669 822 529. Albergue is just to the left over the Roman Bridge. It is on the Bendaña River. 36 beds and 12 mattresses.

(Teo + 11kms)

Leaving Caldas de Reis

Cross the Puente Romano and KSO passing the Capilla de San Roque with a fuente on your Left. Cross the main road carefully and proceed up Right side to veer Right when indicated.

Bridge leaving Caldas de Reis

KSO country trails for about 4 kms passing under the rail bridge high above. Cross the N550 after another 1km.

On the other side a short distance to the Left is the Café Esperon and a little further the Café Antonio and the Hotel Casa Alta. Follow the waymarks through the village until you reach the **church and square in Santa Mariña de Carrecedo 5.4 kms (205/240.5 kms)**

Continue up through the village past the school on your Left. About 1 km later cross the main road continuing on the other side until you reach the A7 motorway – approximately 8 kms from departure. Turn Left over the motorway bridge and the route continues immediately to the Right on the other side. **The Bar Pardal** is in sight just off the Route after the Right turn.

From the Right turn KSO leafy paths for 1.5 kms and just before the main road turn Right to meander for almost 2 kms. This section is not well waymarked at this time. However simply stick to the main path with no major turns and come out at the **small bridge over the Río Valga. 4.1 kms (209.1/240.5 kms)**

In the hamlet of O Piño, in Valga, there is a new albergue. Phone number 638 943 271. It is to the left about 200 m off the Camino, just before the path descends toward the bridge over the Valga River. 80 beds, open all year.

Turn Right over the bridge passing a rest area on your Left. Follow the road round the village of Valga with the Fonte de San Miguel on your Right and the Church of that name on your Left. Follow the road round and shortly turn Left into a path. Some 3.5 kms later cross over the main

road and continue up on the other side to **Infesta. 4.5 kms**
(213.6/240.5 kms)

KSO down the Rúa Coengos passing the church of San Xulián on your Left. This is Pontecesures. Cross the railway line and on your Left pass under the road turning Right on the other side KSO to the **bridge** over the River Ulla.

In 2012, a municipal albergue opened in Pontecesures. 54 beds. Open all year. Approximately 100 meters from the albergue, the Mesa de Pedra offers food to pilgrims on a donativo basis. Lunch and dinner are offered. More information on the web: <http://mesadepedra.info/>

KSO over the bridge and then veer Left onto minor roads which will take you along the banks of the Río Sar, under the road bridge, past the football ground on your Right and into the market square. **2.4 kms**
(216/240.5 kms)

The route goes through Padrón by the Rúa de Castelao which leads you to the Igrexa Santiago in:

Padrón - 0.6 kms (216.6/240.5 kms)

***Possible detour to Albergue in Herbón:** Before crossing the bridge at Pontecesures, a red waymarker indicates the route to the Franciscan convent and to the highly praised Albergue at Herbón. It is about 2 kms off the Camino. Communal supper, donativo. Open June 1 through end of October. Breakfast is at 7:30 and dinner at 9:00 pm. Mass and pilgrim blessing at 8:00 pm. The turn-off for the monastery is right after you pass the church of San Xulian de Pontecesures, before crossing the bridge over the river Ulla. The marker puts you on a trail going up and then sharply to the Left, descending to a leafy path parallel to the river. Go under the high motorway bridge. The path emerges at a bridge with great views. Cross the bridge and turn sharp Left, and it will take you to the Albergue and Convent. You can continue the next day by walking directly away from the convent, under the motorway again, and following the yellow arrows to rejoin the Camino.*

Padrón

The small town of Padrón is situated some 20 kms or so from Santiago and is rich in the tradition of St James. It is here that he is said to have begun his ministry and it is also here that it is said the boat carrying the body of St James back to Spain was tied up. Legend has it that the boat carrying the Saint's body was tied to the stone called the Pedrón which is displayed under the altar of the Church of Santiago. The church also contains sculptures and paintings of both Santiago and St Roque. On Santaguiño Monte there is a statue of St James preaching. To get there is a steep climb accessible up steps between houses 13 and 15 on the road to Noia. Unfortunately, the church is frequently closed.

The home of Padrón's most famous daughter, the writer Rosalía de Castro is now a museum. It is situated beside Padrón's train station.

Leaving Padrón

From the Igrexa Santiago follow the arrows to the Rúa Dolores. Pass the Palacio de Quito on your Left, the bus station and then reach the church of Santa Maria de Iria. **1.2 kms (217.8/240.5 kms)**

Follow the arrows passing behind the church and cross the railway line. KSO joining the main road, turning Right onto it. KSO through the roundabout and pass the Hotel La Scala on your left. Cross the road at the garage Talleres Casar and veer Right onto a path. Follow the route through peaceful and picturesque hamlets for more than 3 kms. Eventually pass a tall factory building off to your Right and walk parallel to the railway line. Turn Left onto the N550 and KSO with the Escravitudi train station on your Left. **5.1 kms (222.9/240.5 kms)**

Pass in front of a church on your Right. Across from the church there is a terrific restaurant, La Marmita de Inma. Immediately after the church turn Right up a lane and reach the church of Santa Maria de Cruces. KSO through woods and after approximately 2.5 kms come out at the N550 again. Pass the Pension A Milagrosa with café/bar on your Left. (9kms)

[After Cruces, in 2012, pilgrims noted that there was a detour for railroad works. Instead of going straight on, the detour took you uphill and then through a forest and back down to PK15.79. This may or may not be permanent.]

KSO to the main road and turn Right. KSO to the corner and cross following waymarks off to the Left passing through Faramello. Shortly after the end of the village turn Left and proceed up to the sign for the albergue at:

Teo - 4.6 kms (227.4/240.5 kms)

Two places to stay, and two places to eat.

Pension*** A Milagrosa/Café Alfonso
Tel 981 803 119

Mobile 616 266 266 Pilgrim Price – Individual 25 Euros, shared 40 Euros

The municipal albergue in Teo has 24 beds and opens at 1 pm.

There is a bar, Casa Javier, about 100 m away, with home cooking. Also a restaurant on the highway.

Teo is a good stop for pilgrims who want a short day before departing for Santiago and the Pilgrims' Mass the next day.

The route turns Left at the sign for the Albergue. Follow this undulating road until you reach Rúa de Francos village square in about 1 km. Cross the square and turn Right down a path behind the Casa Rural. In approximately 1km cross the rail bridge and continue into **O Seve. 3 kms (230.5/240.5 kms)**

The route turns Right then Left just before the main road. However on the main road ahead there are 2 bars on either side of a Farmacia and 20 meters to the Left there is a Restaurant.

Continuing on the route KSO for 0.5 kms crossing the bridge over the Rio Tinto.

Shortly after the bridge the route goes through leafy country lanes for approximately 2.5 kms until you come to a major junction with a roundabout. At this time there are temporary waymarks for a short distance taking the route Right towards the roundabout then across the road and Left on the other side. Follow the waymarks turning Right through country roads eventually turning Left through a small hamlet to join a main road. Turn Right and KSO until you come to Novo Milladoiro a new suburb of modern apartment blocks with the **Capela da Madolena** seen between flats to your Right. **3.8 kms (234.3/240.5 kms)**

[Pilgrims noted in 2012 that the stretch covered by the last paragraph is confusing because of the construction of a new roadway. Pay particular attention at the roundabout.]

At the top of the hill veer Left and pass a School for Infants on your Right and a *Polideportivo* (sports complex with cafeteria) on your Left. There is major building going on in this area and the route ahead may seem confused, but keep dead straight ahead to the trees you can see ahead to pick up waymarks again on the **Rúa do Esquio**.

KSO this road until the brow of the hill and Santiago lies before you Right and you have the first sight of the spires of the Cathedral in the distance which you will reach in approximately 1.5 hours more.

KSO and cross the motorway. Follow a minor road round to the Left. This section is marked with a modern sign with a pilgrim figure. Although you may feel as if you are walking in the wrong direction away from the Cathedral KSO this minor road until it becomes a stony path heading downhill. At the end it passes through a narrow gap between houses emerging onto a minor road with house number 35 on your left.

Follow this road until you come to the **railway**. To cross this turn Right and after a little Left over a bridge turning Left on the other side. Follow the road down to the Right.

Shortly pass over the Rio Sarela and follow the road up Right and under the motorway by pass. On the other side follow signs for the **hospital**. Head up hill passing the hospital on your Left and KSO towards a park and rest area ahead Left with a useful supermarket to the left. **4.2 kms (238.5/240.5 kms)**

The route continues through the park to the end passing two fuentes and then veering Right to join the road. KSO up the Rúa Rosalia Castro passing the Hesperia Peregrino on your Right. KSO until you come to the Capilla del Pilar on your Left. Turn Left up the steps at the Capilla then Right to walk through the park, the Alameda. At the end, at a set of traffic lights cross the road into the traditional Portuguese entrance to the city the Porta Faxeira. Take the second Left and turn into the Rúa Franco which leads straight to the Cathedral in:

Santiago - 2 kms (240.5/240.5 kms)

Congratulations

On arriving in Santiago:

The Pillar, the Hug and the Tomb

Each day pilgrims arrive at the Cathedral Square but their journey is not at an end, they still have things to do.

Entering the Cathedral each pilgrim first touches the Pillar depicting the Tree of Jesse where now you can see where fingers have been placed in grooves marked by centuries of hands. (Sadly, this is no longer permitted)

Then go to the back of the high altar to rise behind the statue of St James to give him the traditional "abrazo" - a warm hug in gratitude for a journey well made.

Then descending to the tomb of the Saint to give thanks for all that has been encountered on the long journey here.

Seal of approval - The Compostela

Pilgrims to Santiago de Compostela carry a Pilgrim Passport with them. They have these stamped everywhere they stop on the way. This document gives access to the network of refuges provided along the routes.

Beside the Cathedral is the Pilgrims' Office, at 3 Rúa do Vilar. There the Pilgrim Passport receives the final seal of the Cathedral of Santiago. Those pilgrims who have walked at least the final 100 kms or travelled by bicycle or on horseback at least the final 200 kms will have their name written in Latin on the Compostela, the certificate attesting to their pilgrimage.

Pilgrim Mass

Each morning around 11 am everyone starts to make their way to the Cathedral. It fills quickly and by noon it is standing room only. Rucksack bearing pilgrims mingle with camera toting tourists.

At the stroke of Noon the cantor intones the entrance antiphon such as: " Laudate Dominum, Omnes Gentes, Alleluia" and 1000 voices repeat "All people praise the Lord, Alleluia". The procession of priests enters, many still wearing their walking boots under their vestments. A long list is read detailing the countries from which pilgrims have arrived in the last 24 hours.

The Mass which follows is deeply moving, with different accents and languages contributing and from the Pilgrims a profound sense of thankful relief and celebration that the journey has ended.

For them perhaps... but even during Mass still they come...rising behind the altar and hugging the statue of St James.

Holy Smoke - The Botafumeiro

The *Botafumeiro* is the world's largest thurible weighing 80 kgs. Some say it was used as a medieval deodorant when the cathedral was full of pilgrims who hadn't washed for the duration of their journey. Others say that the billows of incense it produces symbolise the prayers of the pilgrims.

Nowadays the *Botafumeiro* is swung at the end of some of the pilgrim masses when a team of eight "*tiraboleiros*" operate a huge medieval mechanism to swing the *Botafumeiro* the height and length of the transept of the Cathedral.

In 2014 it will be swung every Friday at the 1930 Mass.

Day is done

During many months of the year there is an Evening Service in the Cathedral from 9 – 10pm only for pilgrims who have travelled to Santiago by foot, bicycle or on horse back.
